

40 Years of Excellence  
in the Precision Reroll Mill Industry

## STAINLESS STEEL

### Precision rolled, light gauge, tight tolerance coil and strip

Eagle Metals is a specialty reroll mill manufacturing custom light gauge, tight tolerance stainless steel alloys, copper based alloys, nickel based alloys and carbon steel strip of the highest quality. We're a privately owned company with a mill in Leesport, PA that has been in operation since 1975. We also have a service center located in El Paso, TX to support customers on the west coast and across the border. Since the inception of our company, we continuously strive to increase the breadth of our capabilities and expand our product offerings. We have a highly experienced, dedicated group of people who can uniquely design and build, or purchase and install state-of-the-art equipment that enables us to produce material for the most demanding applications in today's metals industry. As a mill, we offer both the smallest quantity available in the industry at 100 lbs., while being able to produce the largest coils at 740 PIW.

Our strength lies in our ability to provide light gauge, tight tolerance material, made to customers' exacting specifications, while providing quick lead times and excellent on-time delivery.

## Why Choose Eagle?

- Custom made orders: 100 lb. minimum
- Light gauge, tight tolerance metal
- Dependability
- Extensive and wide ranging material in inventory
- Technical Expertise: Experienced metallurgists on staff
- Quality

ISO Certified  
9001:2008

40 Years of Excellence  
in the Precision Reroll Mill Industry

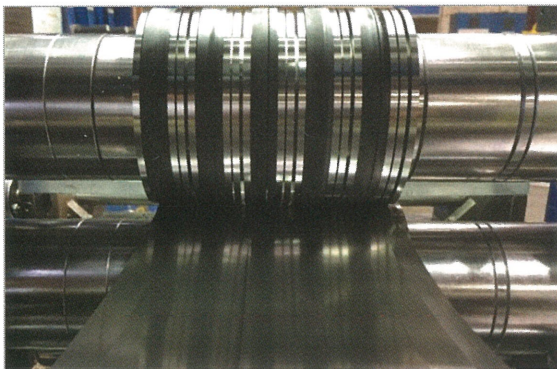

Eagle Metals, formerly Eagle Brass, has been in the reroll industry for over 40 years. We have built our reputation as the premier mill in the industry for precision light gauge material, while maintaining a flexible and responsive customer driven attitude. Our company has grown steadily over the years, and with that, so has our customer base and the industries we serve. Expanding our product offering to meet the needs of our customers was a natural progression for Eagle Brass, and so Eagle Metals was born to reflect our wide range of alloys and capabilities. We can deliver all of your metal strip needs; Eagle Metals, roll with us!
